Based in the USA, we are a global procurement company specializing in importing parts from Asia for North American OEM manufacturers. We have an international presence that enables us to maintain relationships as well as the quality, price and logistics of the products we procure. We take pride in our commitment to exceed customer expectations across different time zones.

Why trust us

Pioneer International has been immersed in the global sourcing and procurement industry for more than 15 years. We are proud of our strong and established supplier relationships across the globe, specifically in Asia. We have become very efficient in providing customers with high quality products, within budget and requested time constraints.

With offices in China, Pioneer has nurtured and developed strong relationships with only the best suppliers, giving Pioneer excellent pricing and delivery. Pioneer has around the clock supervision of your products with this relationship and personnel advantage.

Pricing

We offer many money saving advantages for our customers including warehousing and JIT delivery. We understand the challenges of global procurement and work to get you the best possible price.

Quality

Pioneer handles any and all aspects of quality control, ensuring a product you can count on.

Delivery

We understand how important timing is to your business and we are committed to providing your parts on time by warehousing them for you in North America.

Our 360Promise

A guarantee to our clients.

At Pioneer International, our 360Promise is a guarantee to our customers that all aspects of a project will be flawlessly executed. If we don't deliver, you don't pay. Because we want your trust, we make the initial investment until you are 100% satisfied with our delivery. Our customers feel secure knowing Pioneer International is the best partner for their procurement needs because we guarantee:

- Quality products
- Fair prices
- JIT delivery
- International teams
- Cultural knowledge
- Established supplier relationships
- Engineering and manufacturing expertise
- Unmatched project management

From cultural understanding and established supplier relationships, to pricing, logistics, and delivery, Pioneer International is the expert partner for all of your procurement needs – that is our 360Promise.

How we work

At Pioneer, our biggest asset is our international team. With a team on the ground in China, we have existing relationships with the best suppliers across the globe. This enables us to procure the highest quality products possible for our clients, every time.

Beyond our international team, we offer warehousing to ensure your product is on hand when you need it with unmatched delivery guarantees. This saves you time as well as the hassle of storing parts you're not ready to use. We manage any challenges along the way, eliminating extra legwork for your company and shouldering responsibility to ensure you receive top-notch products.

We save you time and space. We save you stress and workload. Ultimately, **we save you money.** That's the benefit of working with an established procurement partner like Pioneer International.

Our partners

We have built and nurtured great relationships with our partners in the Asian market. Not only do we have the ability to source high quality parts to your print, but also through our many years of relationship building, they trust us and we trust them. This completes our 360Promise.
